

The Jesus Tree

This Christmas tree is adorned with ornaments that represent the different names of Jesus. Each ornament is based on scripture; the scripture reference is recorded with each name of Jesus. Adding one ornament to your tree during each day of advent is one way to keep Jesus' birth the focus of the season for your family. Another activity you may want to try with your children, is a version of "I Spy" (start with all ornaments hung on the tree and each night a new ornament is found on tree and scripture reference read). Have fun being creative with your ornaments....your ornaments can be vintage, home-made, new, elegant, or an eclectic mix! Listed below are the names of Jesus that we used. This is definitely a partial list and you can certainly do some digging and add to this list.
